

## The Kapalua Villas

The Kapalua resort is 1,650 acres of peaceful seclusion and refined pleasures along three miles of shoreline on the northwestern tip of the Hawaiian island of Maui. It is surrounded by natural boundaries of ocean and mountains, all on 23,000 acres of land owned by Kapalua's parent company, Maui Land & Pineapple Company, Inc. It is set amidst a 23,000 acre pineapple plantation operated by Maui Pineapple Company, Ltd. The resort is 10 miles north of the historic Lahaina Town on the scenic northwest coast of Maui.

Tucked away in beautifully landscaped clusters and offering all the comforts of a private home are the Kapalua Bay Villas, The Golf Villas and The Ridge. Each villa community offers private recreational facilities -- swimming pools, barbecues and private garden areas. All villa units are completely furnished, including private lanais, fully equipped kitchens, washer/dryers, two televisions, VCR, iron and ironing board, hairdryer and two telephones.
