

## **MALAYSIA AIRLINES - SECURITY ANNOUNCEMENT**

With immediate effect, UK bound passengers will be allowed to carry liquid or gel based items on board Malaysia Airlines aircraft. Passengers are advised to check-in early.

However, a strict search of passengers and items carried will still be carried out at departure gates for London flights.

Malaysia Airlines passengers connecting to another flight or departing out of UK airports must be advised that they are subjected to British Airport Authority (BAA) security measures.

The general guidelines are:

- a) Passengers are permitted to carry only ONE piece of carry-on baggage no larger than 45cm (17.7in) x 35cm (13.7in) x 16cm (6.2in).
- b) All liquid or gel based items are strictly prohibited, with the EXCEPTION of baby formula/milk or baby food (subject to tasting), or essential medicines up to 50ml.
- c) Laptops and electrical items are required to be removed from carry-on baggage for screening.
- d) For further details, please advise passengers to surf the British Airport Authority (BAA) website – [www.baa.com](http://www.baa.com)

Please note that security restrictions to the USA remain the same.

Thank you for your continued support.
