

Sheraton Maui

Where the cobalt Pacific washes onto Kaanapali Beach at the foot of mythic Black Rock, the Sheraton Maui's acres of gardens, lava-rock waterways, and sparkling fresh-water lagoons perfectly complete a landscape of indescribable natural beauty.

A seamless combination of gracious architecture, luxury accommodations, and stunning natural wonders, The Sheraton Maui is a destination in itself. The ultimate get-away, a supremely romantic honeymoon escape.

Almost all of our 510 rooms and suites directly face the Pacific, with a private lanai for contemplating the view. Inside, the craftsmanship of old Hawai'i reveals itself in lamps of bamboo design, patterns recalling block prints on kapa, and rattan chairs drawing on the peacock shapes of ancient thrones.

White and gold beaches that go on for miles. Sunsets that last and last. An ocean with more shades of blue than the world has names for. With a setting this spectacular, romance comes with the territory. Allow us to be your guide.

For a long-overdue romantic getaway, or for a once-in-a-lifetime event, The Sheraton Maui awaits you. Not only will you find our natural surroundings to be inspiring, but our unique spirit of service as well.

Sheraton Maui offers guests an exclusive dining experience! Relax in the splendor of a lush tropical garden, beside a cascading waterfall, or in the privacy of our beachfront dinner bungalow. Our *Dinner Under the Stars* program features three enticing menus, a private butler, and your personal selection of the perfect dining location on our 23 acres of lush foliage and breathtaking ocean views.
